## Public Scoping Comment Form

We need your input. Please take a few minutes to provide your comments or questions for the USDA RUS Federal review process. The comment period ends September 21, 2009. Thank you.

Which meeting did you attend?

8/19/09 PANA Representatives

Please check the following issues that are important to you for transmission line siting.

- |  |   |
|--|---|
| <input type="checkbox"/> Project Purpose and Need                        | <input type="checkbox"/> Historic and Cultural Sites      |
| <input checked="" type="checkbox"/> Visual / Aesthetic Resources         | <input type="checkbox"/> Radio or Television Interference |
| <input checked="" type="checkbox"/> Proximity to Residences              | <input type="checkbox"/> Noise                            |
| <input type="checkbox"/> Land Use (Agriculture, Residential, Recreation) | <input checked="" type="checkbox"/> Health and Safety     |
| <input type="checkbox"/> Water Resources (Floodplains, River Crossings)  | <input type="checkbox"/> Biological Resources             |
| <input type="checkbox"/> Other: _____                                    |   |

If you own property in one of the proposed corridors, please indicate all the existing uses of your property below:

- |                                      |   |  |
|--------------------------------------|---|--|
| <input type="checkbox"/> Agriculture | <input checked="" type="checkbox"/> Residential | <input type="checkbox"/> Conservation Easement |
| <input type="checkbox"/> Commercial  | <input type="checkbox"/> Industrial             | <input type="checkbox"/> Other: _____          |

Please provide your comments on the proposed project in the space provided below:

- I-241-001 | My husband and I purchased land and built a home in Paradise Acres due to the beauty of the area and the fact it was not tarnished by overhead power lines. It will be a shame for this beautiful landscape to be visually ruined. I also have concerns as a medical professional of the health implications this could have related to high voltage electrical transmission.
- I-241-002 | Please consider alternate routes.
- I-241-003 | Route #1 on the included map would affect the lowest number of residents.
- I-241-004 | Route #2 would follow the railroad.  
Route #3 least desirable as it would be visible from Hwy 160.
- Thank you for your consideration.  
Jody Daza

## I-241-001: Visual and Aesthetic (In Review)

Your email/letter/comment form has been received and your comment noted. Potential impacts to visual and aesthetic resources from the proposed project and mitigation measures will be addressed in the Environmental Impact Statement.

The Environmental Impact Statement is anticipated to be completed in late 2010 and will be available at <http://www.usda.gov/rus/water/ees/ea.htm>.

## I-241-002: Electrical Characteristics (In Review)

Your email/letter/comment form has been received and your comment noted. Electrical characteristics of the proposed project and mitigation measures will be addressed in the Environmental Impact Statement.

The Environmental Impact Statement is anticipated to be completed in late 2010 and will be available at <http://www.usda.gov/rus/water/ees/ea.htm>.

## I-241-003: Project Alternatives (In Review)

Your email/letter/comment form has been received and your comment noted. A range of reasonable project alternatives and mitigation measures including the no action alternative will be addressed in the Environmental Impact Statement.

The Environmental Impact Statement is anticipated to be completed in late 2010 and will be available at <http://www.usda.gov/rus/water/ees/ea.htm>.

## I-241-004: Visual and Aesthetic (In Review)

Your email/letter/comment form has been received and your comment noted. Potential impacts to visual and aesthetic resources from the proposed project and mitigation measures will be addressed in the Environmental Impact Statement.

The Environmental Impact Statement is anticipated to be completed in
